

RECYCLING

A NEW BEGINNING

We are proud to announce that **AIM Recycling has officially acquired all remaining shares of Ecology Recycling Services, LLC**, effectively marking a new beginning for the development of our Colton location, and AIM Recycling presence in California.

We are grateful to the Siroonian family for their ongoing support and commitment to the Colton community and look forward to continuing this 40-year tradition.

AIM Recycling was founded in 1936 and is family-owned and operated to this day. AIM Recycling has grown to be recognized as one of the world's most sophisticated metal recyclers, specializing in the recovery and recycling of scrap metal by-products. We are proud to now be operating throughout California.

Since our humble beginnings, we have maintained our commitment to excellence through the premium service we offer all our customers. With the growth and support of our valued employees and continuous development of recycling processes, we have created a team dedicated to the highest environmental standards while actively contributing to local healthcare, education, and children and youth initiatives.

A Vision Becomes a Reality

At AIM Recycling, we are driven by our commitment to excellence. No matter the location, our goal is to ensure customer relations are met with transparency and premium service to ensure we exceed the developing needs of our growing commercial and industrial customer base.

As we continue to develop our Southern California locations, you will begin to see the AIM Recycling name throughout your community. As a first step, we are excited to begin renovating our yards to ensure that every customer's experience is the best it can be.

With the support of the Chamber of Commerce and local businesses, we are excited to introduce you to the AIM Recycling experience. Looking for a sneak peek? **[CHECK OUT OUR HESPERIA GRAND OPENING!](#)**

Spreading “Tons of Love”

In case you missed it, this year we continued our tradition of partnering with **Children’s Hospital Los Angeles** to participate in their annual **Make March Matter®** campaign.

Due to the overwhelming amount of recycled materials brought to the event by the local community, we reached and surpassed our original goal and donated an astounding \$11,362 to this great cause! Our donation helps provide critically ill or injured children with the best quality care available.

Thank you to everyone who participated and helped us surpass our goal.

Spring Cleaning with AIM Recycling

Monetizing your mess is easy with AIM Recycling!

You may have missed this year’s Spring Cleaning event with AIM Recycling – BUT don’t worry, you can bring your old metallic items to us any time of

year. We will be having our NEW Spring Cleaning initiative annually as well.

Our goal? To further show the public how recycling metal is safe, easy, and rewarding!

With every visit, customers and homeowners alike were entered to win a Utility Trailer or \$500 Target shopping spree! At the end of this initiative, several Colton residents won AIM sponsored swag bags full of goodies.

Can’t wait until spring to clean out your house, yard or storage unit? Remember, we are open to the public and offering cash on the spot for all old metal items all year round!

National Night Out 2023

We were very happy to kick off August by participating in this year’s **National Night Out**.

Together with the **City of Colton Police Department**, City of Colton staff members, City of Colton Fire Department and Colton businesses,

we helped promote community partnership and neighborhood unity by providing safe ways to recycle while giving away some AIM merch. **A lucky Colton resident even won two Anaheim Angels tickets from AIM Recycling during the event’s raffle.**

Happy National Night Out

Upcoming Fall Events

This coming fall we are excited to announce new opportunities to help you recycle while earning more cash!

Starting at the beginning of October, for a limited time, we will be offering Scratch & Scrap cards that offer a chance to all customers coming in with over a \$100 of scrap metal to win even MORE CASH and free swag. For those looking to participate, all you need to do is – bring in at least \$100 worth of **Scrap, Scratch, Win, Repeat!** We want your feedback!

We want to give our community the opportunity to voice their concerns and share their thoughts and suggestions! **Visit our website to send us a message with any questions or concerns.**
